

PECB ISO/IEC 27001 Foundation

Get to know the best practices of Information Security Management Systems (ISMS) based on ISO/IEC 27001

Why should you attend?

ISO/IEC 27001 Foundation training allows you to learn the basic elements to implement and manage an Information Security Management System as specified in ISO/IEC 27001. During this training course, you will be able to understand the different modules of ISMS, including ISMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the “PECB Certificate Holder in ISO/IEC 27001 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.
